

Silent in use, dimming from dark to light – suitable for military use

3-C-LED

Compact hand lamp for large-area illumination and signalling

This hand lamp is equipped with a 3-colour LED chip (white – green – red) for signalling. The required colour can be conveniently set using the silently rotating colour selection wheel on the front of the lamp head, and can be switched on and off using the silent switch integrated in the cover. Each colour can also be dimmed continuously from dark to bright.

The luminaire is equipped with a carrying strap and a belt clip. The anodized aluminium housing is robust and impact-resistant.

PRODUCT FEATURES

- Silent on / off switch with dimming function
- Robust aluminium housing
- Various colour settings (3-colour LED chip)
- IP54 protection class
- Each colour is infinitely dimmable
- Incl. belt clip and pouch / 3 x AAA batteries
