COMPACT HAND-HELD LIGHT FOR LARGE-AREA ILLUMINATION AND SIGNALLING

This hand lamp is equipped with a **3-colour** LED chip (**white – green – red**) for signalling. The required colour can be conveniently set using the silently rotating colour selection wheel on the front of the lamp head, and can be switched on and off using the silent switch integrated

in the cover. Each colour can also be dimmed continuously from dark to bright.

The luminaire is equipped with a carrying strap and a belt clip. The belt clip also prevents the hand lamp from rolling away. The anodized aluminium housing is robust and impact-resistant.

PRODUCT FEATURES

- Silent on / off switch with dimming function
- Various colour settings (3-colour LED chip)
- Each colour is infinitely dimmable
- IP54 protection class
- Robust aluminium housing
- Carrying strap
- Incl. belt clip and pouch / 3 x AAA batteries
