

SETO POWERATOR 1800 COMPACT 2.0

The **SETO POWERATOR 1800 COMPACT 2.0** is the ideal addition to the highly efficient illuminants from the **SETOLITE ALDEBARAN® series**. Compact and powerful, it offers you and your electronic equipment complete independence at a transport weight of only twenty kilos.

Equipped with the latest technology and all necessary circuit breakers, this powerful aggregate is a valuable companion.

An additional 12 Volt socket and an eco-mode, which extends the running time and adapts itself, complement the service portfolio of this extremely quiet energy producer.

Features

- Independent powerful energy production
- 2 x 230 V and 12 V socket
- Smart Energy Concept
- Transportation weight of only 20 kg
- Full load consumption at only 0.9l/hrs of fuel

Technical Data

General Data	
Type	1 cylinder 4 stroke engine
AC voltage	230 V / 50 Hz
Power max.	2,0 kW
Rated power	1,7 kW
Power factor	1,0
DC output	12V / 4.0A
Fual	Unleaded petrol
Tank capacity	3,7 liters
Continuos operation duration	3,8 h (100% load)
Starting system	Recoil starter
Operation volume (7m) / dBA	60 (100% load)
Dimensions (LxWxH) approx	525 x 282 x 457 mm (netto)
Weight	20 kg
Item no.:	1410000561
