

SETO ALE-SET X1 / X2

The **SETO ALE-SET** consists of the tried and tested SETO COMBAT lamps, a stable telescopic tripod made of lightweight aluminium and a practical carrying bag. It has been specially developed for all situations that require autonomous lighting equipment. Due to the different, adjustable light colours and the brightness, which can be dimmed in several stages, with simultaneous flexible alignment of the luminaires on the stand, almost any environment can be illuminated. A big advantage of the **SETO ALE-SET is that it is immediately ready for use without an external power source**. In addition, the luminaires can also be used independently of the tripod if the operating conditions so require.

Feature: You can use the lights as a powerbank to charge a mobile phone or other equipment! Low weight and compact dimensions of the **SETO ALE-SET**, which can be stored in the practical bag, round off the package.

TECHNICAL DATA

Technical Data	SETO ALE-SET X1	SETO ALE-SET X2
Illuminant	LED technology	
Luminous flux approx	300 - 3.200 lm	400 - 4.000 lm
Lighting duration	6,5 h - max. 78 h	7,5 h - max. 78 h
Colour temperature	6200 K (cw), 4200 K (nw), 3000 K (ww)	
Battery	Li-Ion, 3,6 V, 15.600 mAh	Li-Ion, 3,6 V, 23.400 mAh
Charging time	3 h	4 h
Weight (luminaire)	each 598 g	each 822 g
Technical Data Tripod		
Material	Aluminium	
Height (min / max)	100 cm / 240 cm	
Height folded	87 cm	
Diameter Ø (set up)	94 cm	
Weight approx.	1,8 kg	
Top load	5 kg	
Item no:	1410001250	1410001251

PRODUCT FEATURES

- Tripod height up to 2,40 m
- Several colour temperatures (warm white, neutral white, cold white)
- Luminaires can be swivelled 90° and rotated 360°
- Low weight
- Sturdy storage and transport bag incl.
- Luminaires can be used as a powerbank
