

SETO CRAFTSMAN ST-200 RC

integrated magnets

SETO CRAFTSMAN ST-200 RC

The **SETO CRAFTSMAN ST-200 RC** impresses with its versatility in mobile use. A permanently integrated lithium-ion battery in conjunction with the high-performance LED chip ensures strong light output with a long light duration, completely without power supply.

The robust construction, a high IP density and the low weight make the **SETO CRAFTSMAN** the predestined partner, even if it is a little harder. Thanks to the handle, it is always easy to carry and can be securely attached to a wide variety of metal surfaces with the magnets on the rear side.

The luminaire is completed by a windscreen made of heavy-duty milk glass plastic, which prevents glare and ensures homogeneous illumination.

The **SETO CRAFTSMAN** thus offers the best view and safety through good light in every situation.

PRODUCT FEATURES

- Light level adjustable in two stages
- High degree of protection IP66

TECHNICAL DATA

Electrical Data	SETO CRAFTSMAN ST-200 RC
Input voltage	3.7 V DC
Power consumption	20 W
Photometric Data	
Illuminant	LED
Luminous flux	100 % = 1,500 lm 30 % = 500 lm
Colour temperature	6,200 K
Lifetime	50,000 h
General Data	
Lighting duration	approx. 4 h
Battery type	Li-Ion 3.7 V / 8,800 mAh
Charging time	approx. 5 h
Dimensions (LxWxH) approx.	146 x 128 x 326 mm
Item no.:	1424000301

Scope of delivery:

Luminaire, handle + screws, 230 V USB charger,
12-24 V vehicle charging plug, USB-C charging cable,
instructions for use

IP66 **1.1**
