

SETO FLASHLIGHT FC LED

Fully focusable torch

Weighing only 147 g (without batteries), the focusable **SETO FLASHLIGHT FC LED** is one of the lightest of its kind. It also features all the latest technology you would expect from a modern torch.

Various light functions, such as dimmed light for working at close range or a flashing function that marks your position for many hours in emergency situations, can be easily accessed via the high-quality, non-slip rubberised push button switch.

The reverse polarity-protected battery box, which holds three widely available and inexpensive AAA batteries, ensures a long burn time and easy 'recharging' of the light.

PRODUCT FEATURES

- Convenient one-hand focusing system
- Integrated flashing and SOS function
- Four different light modes, integrated dimming, flashing and SOS function
- Easy to recharge
- Includes bag and carrying strap

TECHNICAL DATA

Electrical Data	
Batteries	3 x AAA Alkaline
Operating time	
Highest level:	3 h
Lowest level / flashing function:	12 h
Photometric Data	
Illuminant	CREE High Power LED Chip
Luminous flux (REAL Lumen*)	320 lm
Lifetime	50,000 h
General Data	
Dimensions (Ø x l) approx.	34 x 136.5 mm
Light functions	4 light modes: high / low / flashing light / SOS
Item no.	78_0G619C

* Lumen = lm / The "REAL Lumen" are REAL measured light output quantities.

For products with the quality seal **REAL Lumen (RL)** specified max. Lumen measurements are basically **real** values in relation to the product incl. reflector, diffuser etc. and corresponding **not only to the theoretical** maximum values of the used light source. For this purpose, we measure appropriately labeled products in our own light laboratory under real conditions of use.
