

external Dimmer

ALDEBARAN® SERIES 1000 - DIMMABLE

- In addition to the classical working light, versions with internal dimmers or an emergency light feature are also offered. The version with the internal dimmer is available with 2 x 36 W / E or 2 x 55 W/E. Here, the EVG ballast allows you to reduce the light intensity down to 3 % of the power, which is a useful feature especially for temporary structures such as military hospital tents.
- In full power of the 2 x 55 W version, the lighting power here also corresponds to a 500 W halogen lamp, although glaring effects are avoided despite the best possible illumination. Thanks to this property, the **ALDEBARAN®** luminaire becomes the optimal companion in manifold fields of application.
- With a dimming feature via the internal electronic ballast**, the luminaire can be dimmed down to 3% of the power.

Technical Data

Electrical Data	2 x 36 W	2 x 55 W
Operating voltage	230 V / 50 Hz	230 V / 50 Hz
Rated current 230 V approx.	0,31 A	0,52 A
Ballast	Electronic ballast	Electronic ballast
Photometric Data		
Illuminant	2 x TC-L 36 W / 840	2 x TC-L 55 W / 840
Luminous flux approx.	5.800 lm	9.600 lm
General Data		
Dimensions (LxWxH) approx.	485 x 190 x 145 mm	610 x 190 x 145 mm
Weight approx.	2,65 kg	3,55 kg
Item-No.:	1410230363	1410230553
