4. How to use the product

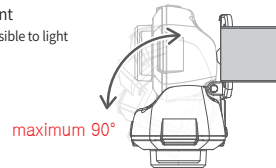

1) Using Headband

Insert head band on the band hook of the product and adjust length to fit your head.

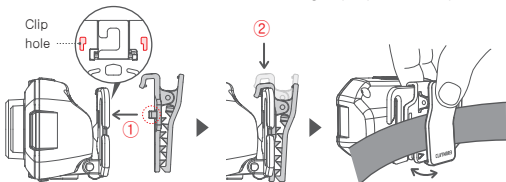

3) Angle adjustment

4 step tilting is possible to light designated area.

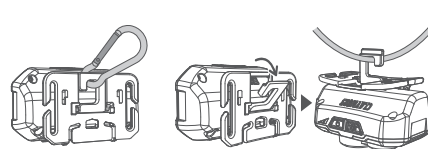

2) Using Clip

As described on the picture below, insert clip in the clip hole on the band hook and push until it makes a "click" sound. You can use it on the bag strap or pocket with clip.

4) Lantern hook & karabiner

Use the lantern hook with a karabiner or to hang it on a string.

* Do not disassemble the lantern hook, for it slips easily or loosens when reassembled.

CLAYMORE heady+

- * Keep 100% battery capacity when storing for a long time.
- * Please keep in mind that if stored below 10°C, the battery life may be affected.
- * Please keep in a dry place without moisture.

User Manual

This portable lantern contains a Li-ion battery. Please follow user's manual before using it. If any abnormality is found in the product, please discontinue use and contact the dealer or service center, that you purchased.

1. Caution

- ① Do not use it near high temperature such as fire or heating equipment. It may cause explosion and ignition.
- ② This product is water resistant. However, if left in the rain for a long time, it may cause malfunction. If you accidentally fall into the water, please quickly wipe it off.
- ③ Do not store or use in vehicles exposed to direct sunlight. It may cause explosion and malfunction.
- ④ Do not touch the light source directly as it may become very hot during use.
- ⑤ Do not use when the operating temperature range (-10°C to 40°C) is exceeded.
- ⑥ Do not look directly into the LED light source.
- ⑦ Please do not place in the reach of infants. It may cause swallowing of parts or injury.
- ⑧ Supervision is necessary when used by children. Misuse of head lantern may cause injury or electric shock.
- ⑨ Do not insert any metal parts into the terminal block of the connector. It may cause heat, explosion or electric shock.
- ⑩ Do not disassemble or modify the product.
- ⑪ Do not touch the connector with wet hands. There is a danger of electric shock.
- ⑫ After use, be sure to turn off the power. If not, it may cause leakage.
- ⑬ When adjusting the angle, please do not bent forcefully. It may cause damage to the product.
- ⑭ Dropping or impacting the product can cause damage to the inside of the product, resulting in unexpected failures in normal use. Be careful not to apply impact to the body.
