

SETO INSPECTION LIGHT LED 2.0

The rechargeable **SETO LED INSPECTION LIGHT 2.0** is an extremely robust and versatile lighting tool.

The high-power LED used on the front provides up to 1000 lumens in the brightest stage for large-area, bright and eye-friendly illumination. Another LED on the front side allows the user to work in confined spaces, even if the luminaire cannot be held upright.

A fold-out stand, the extendable suspension hook and integrated magnets allow hands-free working in all situations.

State-of-the-art lithium-ion technology enables a very long service life with a pleasantly light weight at the same time. Charging is conveniently done via a plug-in power supply, a car charger or Micro-USB.

PRODUCT FEATURES

- Two light sources
- Emergency function
- Charging socket
- Capacity indicator
- Hook for suspended operation
- Magnetic base (*adjustable in various positions*)

The maximum lumen readings given for products with the REAL Lumen (RL) quality seal are basically real values in relation of the total product including reflector, diffusor, etc., and not only correspond to the theoretical maximum values of the light source used. For this purpose, we measure appropriately labeled products in our own light laboratory under real conditions of use.

TECHNICAL DATA

Photometric Data	
Illuminant	LED
Luminous flux (100%)	1.000 lm (Front) 200 lm (Torch)
Lighting duration (Front)	100% = 3 h
Lighting duration (Front)	50% = 6 h
Lighting duration (Front)	10% = 15 h
Lighting duration (Torch)	100% = 10 h
Life time approx.	50.000 h
General Data	
Battery / Capacity (rechargeable)	3,7V 5000 mAh Li-Ion battery
Charging time	6 h
Ambient temperature approx.	-10°C to +45°C
Dimension (LxWxH) approx.	215 x 55 x 35 mm
Weight with charging station	600 g
without charging station	400 g
Protection class	III
Special	Dimmable, emergency function
Item no:	30_004025

OPTIONAL ACCESSORIES

USB charging plug

Item no: 1410930080

Car charger

Item no: 30_004020

Included in scope of supply:

USB cable, charging station

Micro USB charger connector

Hook for suspended operation

Front- & Torch light

Adjustable magnet
