ALDEBARAN® SMARTLINE RP LED SERIES

The luminaires of the **ALDEBARAN® SMARTLINE SERIES** serve as smart replacements for lamps with compact fluorescent technology, convincing with flexibility and efficiency. The simple, timeless design combines a modular basic construction with the advantages of modern and energy-saving LED technology.

In combination with high-quality components such as the anodised aluminium housing, impact-resistant PMMA front screen and cold-resistant end caps, the result is a long-lasting quality product. A variety of options for mounting, suspension and installation maximise the application potential of **SMARTLINE** luminaires.

A low dead weight and the reduced overall height also provide unbeatable advantages on the logistical side.

The luminaires are also available in a dimmable version or with an emergency light function.

PRODUCT FEATURES

- Wide range of mounting options
- Also available with dimming or emergency light function
- Low weight
- Reduced installation height
