

SETO HEADLIGHT PROFESSIONAL SIGNAL SERIES RED

Hard shell, bright core - this is how the **SETO HEADLIGHT PROFESSIONAL** can be characterized.

Headlights of the **SETO HEADLIGHT PROFESSIONAL SERIES** were specifically designed to achieve a high performance even under difficult conditions. The extremely powerful LED of the latest CREE generation is safely encapsulated in a die-cast aluminium housing, which is effectively protected against impacts and shocks by a plastic frame. The luminaire has various brightness levels and lighting functions. The continuously adjustable focus of the LED is always integrated. A lithium ion battery ensures above-average lighting duration. **SETO HEADLIGHT PROFESSIONAL** headlamps are a lightweight companion with less than 120g while ensuring robustness and high functionality.

PRODUCT FEATURES

- Focusable lens with rotating ring (spotlight, floodlight)
- 3 light modes (low, high, red)
- Adjustable headband
- Adjustable angles (approx. 135°, 45° in 7 steps)
- Compact and lightweight housing (70,5 x 51,4 x 42,5 mm / 120 g)

TECHNICAL DATA

Photometric Data	
Illuminant	CREE XPG 2
Luminous flux	High Power: 250 lm Low Power: 90 lm Additional LEDs (red): 2 x 5 lm
Lighting duration	5 h
Colour temperature	5.500 K
General Data	
Battery	Lithium-Polymer, 3.7 V, 1500 mAh
Charging time	4-5 h
Special features	2 brightness levels, swivelling, red signal LEDs, focusable
Item no.:	1424000201

Scope of supply: Headband, USB cable, Helmet clips
